

Girl Guide Notes

On Monday, November 22nd, seventeen girls gathered at the school for the second official meeting. The meeting opened in the regular manner, and as it was rather chilly, we warmed up with a bit of P.P. A picture game was enjoyed, and the girls did very well for the first time. During the next period, names were chosen for each patrol. Lorna MacLean's Patrol chose the "Honey Bun Patrol." Frida Babbie's, the "Skyline"; and Lillian MacLean's, the "Honey." Then the patrol leaders taught the Guide Promise and Law. The meeting closed, after instructions for the next meeting had been given, at 9 o'clock.

Progress Being Made At Local Rinks

With the cold spell that fell over the district last week, operations at the local curling and skating rinks got under way. On Friday last, the fire hose was placed in the skating rink, and about four inches of water poured on the ground. By Sunday the ice was frozen sufficiently to permit skating for a while. However, the chinook wind blowing on Sunday and the first part of the week, made the surface soft, and skating was stopped for this time being.

The three sheets of ice in the curling rink are coming along fine, and with two more good cold nights, local fans of the game may throw their first rocks of the season.

Organization meetings have been held by the Curling and Skating Rink Clubs. At present eight rinks have been formed in the Curling Club with two skating rinks in process.

Several old-time skaters have already noted the option that they intend donating the skates again. This time and exercising their "wavy muscles."

It is hoped that a large crowd will partake of the facilities offered to skaters of Barabano this year.

At present, plans for the "Carnival" to be held soon after the skating rink officially opens, are being discussed. A carnival has not been held in Barabano for several years and it is believed that one would be a great drawing card this year.

Mr. Allan Yule has been appointed caretaker of both the Curling and Skating Rinks for the coming season.

Rugby Club Social Well Attended

The dance and social sponsored by the local Rugby Club, and held in the E.O.P. Hall last Friday night proved to be a very entertaining event, and was attended by a large crowd of Barabano and district citizens.

The earlier part of the evening was spent in playing bridge, the house being to Mrs. T. Ingber and Mr. A. B. Currie.

Dancing was enjoyed by all for the remainder of the evening, the music breaking up in the small hours of the morning.

The Rugby Club wish to thank this opportunity of thanking all those who bought tickets in their support. They also wish to thank those who assisted so kindly in making the evening such a success. Approximately 125.00 were realized by the boys.

Boy Scout Notes

The school last Thursday evening, was the scene of the regular meeting of the Barabano Scouts, where matters relating to the group, if it is to carry on during the winter, were discussed.

Various ways and means concerning future meetings were discussed and after a long argument, it was decided that in future, three of the first patrol should call for the ladges and tents for the first half of the meeting under the patrol leaders, and the latter half to consist of rifle and P.P. under Mr. McLean and Mr. Currie.

The Cadet Corps intend to get an early start this year, in order to keep the Bennett shield they won last June. During this shield, there was two more—Mrs. A.M. and P. T. Y. which the Corps are endeavoring to win.

Mr. Yule informs the Recorder that several persons have expressed their desire to buy old skates, or on their skates to sell, or skates they wish to exchange for those of a different size, please get in touch with Mr. Yule, who will arrange a skate exchange.

Board of Trade Cancel Meetings For December

Fifteen members of the Barabano Board of Trade gathered in the Royal Oak on Wednesday afternoon of this week, to stand the first regular meeting for the month of November. President Mr. J. A. Johnston occupied the chair.

Following luncheon, the business meeting was opened by the reading of the minutes of the last meeting of the organization. These were adopted without discussion.

The members present heard the report of the Public Affairs Committee, stating that this committee was not in favor of installing a sale in the local stock yards leading from the leading gate in the scales. This matter, however, was left in the hands of the Board to decide on whether the change should be made or not. No decision was reached at this meeting.

It was also reported that poles had been erected, and lights connected up at the stock yards. These will be of invaluable assistance to shippers who find it necessary to use the pens and scales on dull days or after dark.

Mr. Harper, chairman of the Dance Committee, read a report outlining the work done during the year, and the committee of the Board through the year had been stored in the Currie and Milroy Building. Thanks under the committee of the Board through the year had been stored in the Currie and Milroy Building.

Several additions in the "fun of equipment have been added to the Board's possessions. A balance of approximately \$100.00 was shown after expenses and new equipment had been added.

A vote of thanks was extended to the Dance Committee for their work in successfully carrying out the program of dances this year.

Mr. McLean gave a brief outline of the changes made by the Provincial government, in the Calgary District and Registration District. He divided the E. I. D. into two sections, the "Madison" and "Calgary" sections, the new division line passing through Bonanza. Previous to the change, all lands under the E.I.D. belonged to the Calgary District.

In Mr. McLean's outline, numerous objections to the new division were explained.

A telegram had been forwarded to the Deputy Attorney General, setting forth these objections. In reply to this, the secretary reported in receipt of a letter from the Deputy stating that the matter would be given serious attention, and that the representative at Edmonton, Mr. W. E. Cain, would be consulted. It is understood that Mr. Cain knew nothing of the change until after it had been announced.

A report was given by the secretary on a meeting of the Barabano Sunshine Committee, held in the Town Hall last week. The local committee has done considerable work in assisting unfortunate families in Barabano during past years, and is endeavoring to carry on with this good work this year. It was regretted by the Board that finances were not sufficient to permit a substantial cash donation to the committee, but members agreed to give assistance in every other way possible.

It was drawn to the attention of the meeting that requests were coming for the picture aperture is set at the proper opening with the correct shutter speed, the same as if you were going to stop the picture yourself, set the self timer for the length of time it would take you to get to the cable release and press the little release lever on the timer. It starts the shutter, you release the group and then—click—it has taken the picture and you're in it.

You can purchase a self timer attachment from almost any store that sells photographic supplies. They are not expensive and last a lifetime.

When you want to take a picture of a group on a picnic or at the beach. You will have to have the camera on a tripod, table or something solid. Locate the group in the center—be sure you can see the

Local Hockey Club Prepare For Big Season

"Hockey! Hockey! Hockey!" From the east comes the old familiar voice of Foster Hewitt, as he dramatically announces "Last night on television" Thompson's "From Calgary" surrounding cities comes the report of renewed activities as the local hockey teams will themselves be in condition in preparation for the new of glitziest steel blades and fastest skates.

In Barabano, more interest is being displayed in hockey this season than has been in evidence for many years past. A few years ago the House of Barabano were able to hold out a fairly good hockey team. A team that was composed of a group of young fellows who played the game as they liked it. A team who would be depended on to give their best against no matter what odds.

Since then, however, whether the public has in the youth, follows "emulative, or in lack of organization, a poor example of hockey has been being made. As soon as the "Hockey" of the local support given.

This year, however, the boys themselves and the citizens as a whole, are becoming considerably interested in hockey and if the young fellows will continue to do their part in as much as when the season opens, they will be equipped with the best of equipment and if they play clean hockey, they will not be lacking in support.

Already preparations for the first game are being made. As soon as the ice is in shape, a game will be played at the local rink with one of the neighboring towns. As an additional inducement to the people of this district to purchase a ticket to the first game played on local ice, the club is going to give to the purchaser of the hockey ticket a handsome decorated Christmas cake valued at \$40.00.

This cake is made of the finest of fruit and materials obtainable, and is decorated by one of the best cake decorators in western Canada.

This cake was purchased by the "hockey" club at cost price through the co-operation of a local business man, and is on display at Shorty's Office Kiosk. Purchase one of these admission tickets and give the "hockey" club a big boost. Tickets will be on sale on Friday and may be increased from any one of the sports on the players. Your support will be greatly appreciated.

Hussar Notes

"Plans are well under way for the Christmas entertainment, and the teachers are busy with rehearsals. Mr. D. Sverell and Mrs. Strand left for Calgary Tuesday."

Mr. E. A. Holland motored up from Okotoks on Monday. Mrs. J. R. King accompanied him from Calgary to be present at the sale on Tuesday.

The sale of the property of Mrs. J. E. King was quite successful, in spite of the fact that the crowd did not gather till late in the afternoon, owing to the bad conditions of the roads.

There was a Scout meeting on Saturday at Albert F.M. 124, and the A.S.M.'s present.

On Saturday afternoon, the First Hussar Company of Girl Guides received a donation to the committee, by Mrs. H. H. Stitt, Captain, and Miss Marjorie Burdett, Lieut. The patrol leaders and seconds are Clara Bessard and June Strand.

Anna Margaret Moffat and Lolla Schoelling, second. For the business sessions, June Dundas is the president, Clara Bessard, Treasurer, and Edith Burdett, Secretary.

Nine members were present at Mrs. Stitt's. As there are only three in the district, it was decided to include them with the Guides. The next meeting will be at the home of Clara Bessard.

Decorative services will be held at the school house on Sunday, December 12th, at 12:30 P.M. in P. M. of the Calgary will officiate.

Mr. Tom Burdett left for Wayne on Monday's train.

Box Social Entertaining Event

The L.O.P. Hall was the scene of a gathering of gay persons of the town and district on Wednesday night, it being the occasion of the Box Social sponsored by the local Young Men's Club.

A local orchestra provided very good music for the dancers for the evening. At twelve o'clock, auctioneer A. B. Currie held the auction of the sale of the auction of lunch boxes was commenced. Bidding was very keen, reaching as high as \$1.50 on one occasion. The average box for the sum of from sixty cents to seventy-five cents. After seven-ten boxes had been auctioned, the Young Men learned that they had secured the sum of \$124.50.

The Young Men wish to thank all the ladies who brought lunch boxes, and the men who took part in the bidding. Also all those who assisted in any way to make the evening a success.

Crowfoot Notes

Mr. George Bray has come to the town for the winter.

Word was received here by friends of the Metheny boys that William (Bill) James George, who farmed at Peace River where he had resided for the past few years. The Metheny brothers were very well known in the district—having farmed the Livingstone farm for a number of years, and "Bill" was engineer at the Crowfoot farm. Mr. George, who predeceased him a few years ago, was in the Peace River District. The community will all regret the passing of Bill Metheny.

Mr. Chas. Rodbourne went to Calgary to attend the meeting of all the Old Timers.

About thirty or forty of the workers of the Havelock Oil Well passed through Crowfoot, Saturday, en route to Crown pipes and so many advantages, oil drilling for the present was abandoned.

Miss Noble Jones returned Sunday evening after spending the week-end with her family at Cluny.

Mr. John Fennwick and his sister Mrs. Anna George, of Calgary, who has been visiting here for the past two weeks, went to Calgary on Sunday evening.

Misses Thelma and Irene Hoberge spent Monday in Calgary.

It is nice to know that the committee on Social work has arranged to have a community party in the Makapee school every two weeks—singing, cards and dancing.

Mr. Stewart, an old-timer of the district, is back taking charge of the Campbell place. Seems quite natural to see the smiling face of Mr. Stewart with his cane.

Mr. Arthur Guyard and Bill Rodbourne made a business trip to Glen on Monday.

Mr. Ernest Brooks paid a visit to Doc. Keith on Monday.

The strong wind of Monday and Monday night took considerable snow and in the high spots, black ground can be seen. It was hoped by everybody that all of it would go, so the ground is not frozen, and most of the mixture would sink into the ground. The snow is not drifted, and was the best hit we have had for some years.

Countess Notes

The Countess Girls Club met on Wednesday, Nov. 17th, at the home of Mrs. H. H. Stitt.

Mrs. H. Cowan and Mrs. Q. McIntosh returned home last week from a short visit in Champlain and Carleton Place, Ontario.

Mr. and Mrs. F. J. Ferguson, Elvira and George, were supper guests at the home of Mr. and Mrs. W. Ferguson on Wednesday night.

The dance sponsored by the Girls Club to be held in the Countess Hall, has been postponed until a future date.

Mr. and Mrs. A. D. Ferguson left last week to spend the winter in New Brunswick, and the wife's relatives. The E.I.D. was working at Countess, have discontinued work until spring.

Mr. Ferguson returned home after spending a few weeks with his sister in Glen.

Mrs. George McIntosh spent Sunday at the Ferry house.

Week's News

Condensed Notes of General Interest

"SHITTING 'COVENANTS' OFF 46.0%

Edmonton.—The Alberta treasury has hit the times hard in meeting costs of printing registration forms and staff salaries for administration of the Social Credit Measures. According to the 1932-33 public accounts for the province which were released last week, printing of the registration forms (covenants) cost \$2,000,000, with main 75¢, while salaries cost \$2,200,000.

WHEAT TRADE WITH JAPAN INCREASES

Ottawa.—Canadian Trade with Japan has increased during the war and China being the two countries, the external trade branch of the Dominion Bureau of Statistics showed. Exports to Japan in July, August and September increased 70 per cent over the corresponding period of 1936, although there was a shift to classification, with main increase being in non-ferrous metals and wood products.

A. MATTHEWS NEW CHIEF GOVERNOR OF ONTARIO

Ottawa.—Albert Matthews, member of a Toronto brokerage firm bearing his name, and brother of Hon. J. C. Matthews, minister of national revenue in the Bennett government, was named Lieut. Governor of Ontario. He succeeds Dr. H. A. Bruce who announced his resignation Monday. The appointment becomes effective on November 30th.

POOL REPORTS OPERATING LOSS

Operations of the Alberta Wheel Pool for the 1936-37 business year showed a loss of \$371,690.11. R. H. Purdy, general manager, submitted the figures to the annual report of the general meeting of the organization. The figures compare with operating profits of \$309,119.79 for the previous year.

Reason for the decline was attributed to a small grain crop in the provinces coupled with unusual marketing conditions and a falling off of export buying from Pacific ports.

START SLAUGHTER ALBERTA IN PAID OFF

Wainwright, Nov. 24.—Slaughter of 2,000 buffaloes at Buffalo National Park here got under way yesterday, when Sam Purnell, official in charge of the Dominion government drop of 10 of the animals in the enclosure where they had been driven. The present herd is over 6,000 which is considerably too large for the facilities of the park. When the slaughter is finished, Mr. Purnell will have noted his record over the 8,000 mark.

ALBERTA BUTTER CAPTURES AWARD

When Albertans demand a "Made in Alberta" product they can rest assured that so far as Alberta butter is concerned, they will receive a commodity which has taken premier honors in open competition at exhibitions all over the Dominion. A total of 87 prizes awarded to Alberta butter in all of the large exhibitions in Canada, representing 30.2 per cent of the total awards.

Other provinces approved "Made in Alberta" record, and Mrs. W. W. Purdy, in charge of the Alberta butter, is interested in noting that Alberta's chief competitor was the province of Ontario.

British Columbia's exhibit won 61 prizes; Saskatchewan, 44; Ontario, 32; Quebec, 1. Alberta had the largest share, capturing 65.2 per cent of the First Group prizes, 51.1 per cent of seconds and 57 of the thirds. This summary of the results shows the relative relative of Alberta's butter in the preparation of Alberta exhibits for the Royal Show which will be held in Toronto in 1937.

The Government will again duplicate the prize money won by exhibitors of dairy products at the Royal, and this year, the Government will probably be the largest.

THE SNAPSHOT GUILD SELF-TIMERS

You can take a picture of the family picnic and be in it yourself by using a self timer.

"The question is often asked, 'Is there any way that I can take a snapshot of my friends and include myself in the picture?'"

There certainly is. Use a self timer. Use a self timer.

A self timer is a most fascinating little gadget and almost human in its operation. It is so inexpensive that it is necessary that it sit over the metal button, or plunger, at the end of the cable release, which you press to take a snapshot with a folding camera. It cannot, however, be used unless the camera is fitted with a cable release.

Here is how to work. First you locate your subject in the center and at the same time plus the space you will occupy when you step into the picture.

Suppose you want to take a picture of a group on a picnic or at the beach. You will have to have the camera on a tripod, table or something solid. Locate the group in the center—be sure you can see the

UNITED DISUNITY

On Saturday of last week the Executive of the Liberal Party came to a most serious decision. The result of the vote was to slam the door in the face of unity. This will make the second time that has happened in the last few years, in Alberta and from the same source.

On Sunday last Mr. Aberhart, for the time being in his capacity of Dean of the Prophetic Bible Institute of Calgary, expressed feelingly and well just how joyful and how glad he was that such a decision had been reached. And well he might! It was the silver lining to a cloud which for months has been getting blacker and blacker. We don't think he would call it "unity." Shrewd campaigner that he is, he knows full well the proper meaning and the advantages of the military maxim of "Divide and Conquer." However, the fact surprised him that he did not follow up his advantage by failing to ask his enthusiastic supporters to rise and sing lustily that most appropriate of all Thanksgiving Hymns: "Praise God from Whom all Blessings Flow."

Perhaps the decision of the Liberal Executive to unite by fighting each other in a friendly manner, was animated by an Ottawa despatch which suggested that if the Social Credit Party could be licked by a factionist group of business men there did not appear to be any reason why the Liberal Party could not do so, thereby leaving the spoils and the emoluments of office exclusively within the control of the Party. If that is unity then we have another name for it.

Once again we repeat our belief that there is no room in Alberta today for any old line political party, and that includes the Social Credit Party, but there is room for a group of men to run this Province on a straight business basis without regard to party considerations, or domination or interference from Ottawa or elsewhere.

SUNDAY POLITICS

Mr. Aberhart frequently refers during his usual Sunday "Happy Hour" to the fact that his country appear to want to put him off the air (politically) on the Sabbath day. Unfortunately that appears to be only too true.

It seems that the Canadian Radio Broadcasting Commission has had the point under consideration for some time, but appear to find it rather a ticklish proposition, and have for the time being left the matter in the hands of a small committee with power to act. That Committee may or may not rule in favour of Mr. Aberhart being allowed to speak on political matters on Sunday afternoons over the radio. Personally we hope that they allow the Premier to continue, not, we hasten to add, because we enjoy his particular brand of politics, but because we feel that he would immediately, and with some justice, raise the point of political martyrdom, and freedom of speech.

We also feel that he might welcome this unasked freedom from an assumption which he himself must have long since realized is actually doing more harm than good to the cause he is espousing so volubly. It is certain that if he and his Minister talked less, and did more, they would not lay themselves open to attack quite so often as has taken place within the course of the last two years or more.

Already the cry of martyrdom in connection with the sentences imposed on Messrs. Powell and Unwin has been raised in some quarters which have never openly opposed the Social Credit theory and amongst the "Secrets" themselves. Mr. Aberhart, it is certain, will not be slow to take that ground on the six working days of the week, when he is supposed to be earning his salary as Premier and Attorney General.

THE ROWELL COMMISSION

The Rowell Commission appointed in the first place to enquire into proposed constitutional amendments to the B.N.A. Act, has since been stripped of the power to deal with such matters affecting the respective revenues and outlays of the Dominion and the Provinces. While of the opinion that there is nothing the Commission may do which efficient result could be achieved, for far less expense, we concede the point that some good might result.

It might be able to do something to recommend reduction in the 27.50 per cent. income tax which we Canadians have created and pay to ten million people.

Surely if the Criminal Code can be Canadian wide in its operation, there can be one Companies Act under one Administrative body. Why should there be ten different Companies Acts in the Dominion with ten different Registrars? The same question may be asked concerning the ten different Departments of Agriculture, as well as in the Income Tax Branch.

Furthermore a stop ought to be put to the practice of the Senior Government making grants to the Provincial Governments of moneys, where it does not exercise supervision over the spending body. The disclosures of Rt. Hon. R. B. Bennett's conduct in by the Ministers of Finance, in connection with maladministration of Old Age Pensions is a case in point, and there are others which readily come to mind.

"H. R. H."

A nearby and much respected newspaper contemporary points out that, at a banquet given in Germany the place card of the Duchess of Windsor bore letters in German conveying the English equivalent of "H. R. H." (Her Royal Highness) and remarks, "Thus for the first time a European royal personage (the Duke of Saxe-Coburg-Gotha) recognized a titular claim denied by the British ruling family."

Regardless of the right of the Duchess to the title "H. R.H." it is quite incorrect to suggest that "The British Ruling Family" is responsible for the denial, in British diplomatic circles or elsewhere, of her right to that form of address. In this as in other matters of Court etiquette, the Royal Family, is guided by His Majesty's advisers. If we are wrong in this, we hope we may be corrected.

OLD AGE PENSIONS

Concerning the abuses incidental to the granting and payment of old age pensions to certain Municipalities, it might not be amiss to suggest that the pension should be paid to every citizen over 65 years of age, who is out of jail, regardless of other income, or whether he works or not. It might and probably would be cheaper in the long run to do so, than to go around snooping into prospective pensioners' private affairs and tempting them and others connected with them to tell a host of lies in order to qualify, or to evade moral and legal responsibilities.

"O WAD SOME POWER THE GIFTIE GIE US
TO SEE OURSELVES AS ITHERS SEE US." Burns.

From Our Exchange Columns

PAST ALBERTA GOVERNMENTS

One would think to hear the exclamations of horror by some present day politicians, when referring to the record of the other governments in the earlier years of the province that terrible things were done in those days. But we cannot recall that previous governments tampered with the freedom of the press, drove Alberta into a hell of hatred, or destroyed the credit of the province.

Actually the old Liberal government put some excellent legislation on the statute books and gave the people a goodly measure of progressive government. It spent too much money, but we all did the same thing then. We were too optimistic. We thought Alberta would have a population of a couple of million people by now.

The hospitals act under which our own institution and many others throughout the province was built was put into force by the Liberal government. It was a splendid piece of legislation and in this Alberta has led the whole Dominion. Rural people by the thousands have obtained medical hospitalization at nominal cost through this progressive and humanitarian legislation.

The schools of Agriculture instituted by the Liberal government in Alberta have been held up as a model all over North America and elsewhere. True, too many were built, but the plan is sound and sensible.

The Workmen's Compensation Act, Widowed Mothers' Allowance, and similar social legislation was introduced by the Liberal Government. Government aid to irrigation, now recognized as a necessity, was started by the Liberal government. They also were the first to give women the right to vote.

The northern railways were built by the Liberal government. Too much money was spent in this way but remember that there would have been no productive Peace River Block without these railways.

The telephone system was constructed under the Liberal government. Maybe we never should have had a government-owned telephone system, or at least such an expensive one. The idea was that private monopoly should not be permitted to control that field. Who is there that, even today, objects to such a plan?

The U. F. A. government followed the Liberal regime. It gave a good government with a minimum of friction and a degree of fairness such as probably the people did not fully appreciate. It refused to descend to political patronage, built up a superb civil service, inaugurated an excellent road program, disposed of the railway problem to advantage, and maintained Alberta's credit in excellent shape. The depression came along and millions of dollars were spent on relief in various ways. Fair and just steps were taken to protect farm debtors and the province gave guidance to the entire west in that respect. The U. F. A. government was a straightforward, decent and tolerant government, unexcelled in efficiency.

These things we have recited are facts. Our province is now in the worst shape it has ever been in, financially, morally and physically. We have now learned there are worse things than the older governments. —Hanna Herald.

FOOD FOR THOUGHT

Competent observers are somewhat puzzled as to the exact state of feeling throughout the province today regarding the government. In the more than two years since the 1935 election, naturally there have been many defections from the social credit ranks. Here in Red Deer it is not hard to find them, and the same is true in other parts of the province.

But there are still many people who hold almost fanatically to their belief that the Premier is sincerely trying to assist the people of the province. No amount of discussion seems to have any effect on these individuals; in fact they recent any attempt to induce them to discuss either the personnel or the policies of the government. The belief that Mr. Aberhart is really fighting the "financial interests" and that any person who opposes him is a toll of these interests. What they believe or do not believe is their own business, but after they see you they are in a bitter mood and some of them go to great lengths in attempting to justify their attitude, and their tempers are on edge. In many cases they have been opposed to progressive movements all their lives, but they are especially bitter now against those individuals who have backed such movements and who still believe in them. They accuse them of "selling out to the bankers." Their leader's insistent reiteration of his "fight" against the financial "interests" is believed implicitly and nothing contrary to this assertion is considered even for a moment. These people are good citizens, and are our neighbors, and we have to live with them and they have to live with us during the years after this present government has finished its time. They are just as much entitled to their opinions as anyone else, but the sour note that is becoming more evident in our relations is a grave danger to our provincial well-being, and we should use our best endeavors to find some method of removing at least some of the bitterness.—Red Deer Advocate.

SETTLE ALL DOUBTS

The Dominion government has done well to refer the matter of recent Alberta legislation to the Supreme Court for judicial rather than government ruling as to its validity. Canadian public opinion and the weight of informed opinion on matters of parliamentary rights is solidly disposed to the conviction that the Ontario act of the legislation was the only possible step that could have been taken if we are to maintain our dominion and democratic government.

But we have an unusual situation to deal with. A group of political brigands have taken the attitude that they will do what they wish whether it be legal or otherwise, and they are ready to scuttle the ship of state if need be to attain their ends. This being the case, they have endeavored to raise a doubt in the minds of their followers as to the right of the dominion to interfere. This doubt, though held by a small minority, is nevertheless unhealthy, and it is most desirable that it be removed once and for all. The proper treatment indicated for the disease is a judicial ruling from our highest legal authority. Such a ruling takes the whole question out of the realm of political debate and recrimination.—Peace River Record.

Protect Your Hard-Earned Savings

THROUGHOUT Canada, life insurance policyholders and beneficiaries should realize the menace to their own and the national welfare that lies in extreme and unjust legislation.

These policyholders represent 50 per cent. of the electorate—federal and provincial. Through the institution of life insurance, they have so pooled their resources that their collective interest can withstand attacks that would bring financial disaster to the individual.

Despite war, epidemic, panic and depression, life insurance has met every policy obligation promptly and in full.

Despite the financial disturbance of the past six years, it has distributed, and continues to distribute, to its policyholders and beneficiaries, over \$500,000 every working day.

Seventy-five per cent. of this money has been, and continues to be, paid to living policyholders, the balance to beneficiaries.

Life insurance is the greatest co-operative business in Canada. No one doubts its strength and stability. No one questions the prudent and intelligent direction of its affairs.

It is the guardian of the hard-earned savings of 3,500,000 men and women in all walks of life.

Today there are forces in Canada that menace the welfare of these people. These forces would penalize their savings and impair their investments through legislation which cancels public and private debts—regardless of the debtor's ability to pay—and which tends to destroy the ownership of public and private property.

The interests of life insurance policyholders and beneficiaries—as of all other citizens whose savings are invested in one form or another in Canada—demand that promises to pay be observed, when the debtor is able to pay; that hard-earned savings which safeguard the homes and families of the Dominion be protected from unjust legislation.

TREES AVAILABLE FOR FARMERS

With reference to the very im-
 portant function of tree-planting in
 Alberta, it was learned on an inter-
 view given today by the Honorable
 N. E. Tanner, Minister of Lands

and Mines, that certain species of
 trees available to farmers for trans-
 planting in existing bluffs and the
 protection of windbreaks. These
 trees may be secured on application
 to the Forestry Division of the De-

Twenty Years of Progress

Twenty years ago Western Farmers were the Farmers
 Company the present form, by uniting the Alberta Farmers'
 Co-operative Elevator Company and the Grains Growers
 Grain Company to form United Grain Growers Limited.
 For twenty years it has been the steady effort of this
 Company to justify, by good service, the confidence con-
 fided in it by share holders, and by thousands of
 other customers.

DELIVER YOUR GRAIN TO

UNITED GRAIN GROWERS LTD.

Elevators at: ARROWOOD, MONTELEONE, QUEENSTOWN

Arrowwood Notes

The Girl Guides Committee held their first meeting in Pseudos even-
 ing, last night. Led by the com-
 mander of the district were chosen
 the girls and the committee. The
 different tasks they will be taking
 they will have to do to have a
 of a bridge before Xmas, and a
 account of every week being taken
 on something. It was decided to pay
 a play early in the new year.

Mr. and Mrs. C. E. Archambault, a daughter, on Monday, Nov.
 22, at 10:30 a.m. at the residence of
 Mr. and Mrs. Martin Norton and
 Family have moved into town and are
 living in the Kesteven house.

We are almost to hold a Con-
 of Girl Guides have been organized at
 Bassano. Maybe we will be meet-
 ing some of them at camp next sum-
 mer. I would like to see them.

The Showers held on November 22
 for Mr. and Mrs. Oldfield was very
 well attended. The church basement
 was very prettily decorated with
 and white streamers. Entertainment
 of the evening consisted of games and
 contests. These were followed by a
 program of musical numbers. And
 the entertainment was held and given
 were ushered to a table laden with
 presents, which were opened. A
 delicious lunch of sandwiches, ome-
 let cream and coffee was served by
 Mr. and Mrs. A. E. Rogers and
 company. The hostess of the house of
 Rogers parents, Mr. and Mrs. G. H.
 Hargrave. The Rogers family are on
 their way to Pennsylvania.

The boys' class will continue with
 much enthusiasm. Day after day
 classes are now in progress.

We wonder what Raymond Levens-
 was thinking of Sunday evening?
 You can't make a success of milking
 a cow without a milk-pail, Ray.
 The feeding of the parlor rusted
 had to be discontinued because of
 the chicken.

The hockey meeting which was
 scheduled for Mon., Nov. 22, had to
 be postponed until Monday, Nov. 29,
 due to Scarlett Fever.

WEDDINGS

Arrowwood, Nov. 15th - A quiet
 wedding was solemnized on Fri. Nov.
 15th, at the home of Rev. J. H. Bru-
 baker, when Miss Sarah Thelma Dun-
 can, youngest daughter of Mr. and
 Mrs. Geo. Duncan, was given in mar-
 riage to Mr. Edgar Richard Oldfield,
 of Arrowwood.

The bride looked beautiful in her
 gown of silk crepe with a white ve-
 nise on the shoulder.
 After the ceremony the bride and
 groom left by motor for Calgary on
 their honeymoon.

The principal object in view, Mr.
 Tanner stated, was to provide a
 of the more durable species for
 planting in natural bluffs, shelter-
 belts and windbreaks. A number
 of the native varieties now found in
 existing bluffs are not as durable as
 desired and the introduction of ex-
 otic species will also be desired.

longer life to these bluffs. Necessa-
 rily protection will be given also
 to the existing trees in providing
 with this sturdy and healthy and
 more permanent growth.

The Minister stated that there is
 available for planting in the spring
 of 1938 a large quantity of lodge-
 pole pine, green ash, and northern
 and a limited quantity of white
 spruce, and alder. There is also a
 considerable number of bur and red
 oak available for distribution. The
 spruce has been experimenting
 with these two latter species for a
 number of years, and it is found that
 they can be successfully grown in
 Alberta.

To avoid any possible confusion,
 application forms should be secured
 from the Director of Forestry, De-
 partment of Lands and Mines, Ed-
 monton. These forms should be
 properly filled out as to quantity and
 species desired, and should be re-
 turned to the Department not later
 than the end of the present year for
 Alberta.

B.H.S. Notes

Editorial

Greetings and salutations, as we
 again come with our chapter box con-
 taining a number of the much used ma-
 chine from the north end.

After getting the messy Grade X
 back into shape, actions are again
 being moved smoothly. (I say to say
 that)

"Carling's" Action Camera! From
 the dramatic class comes a rather
 rank smell as they seem to have come
 a standstill. Maybe this is the
 way they do it by the new car-
 film, but all we have to say is there
 should be more "unintended" co-op-
 eration. We hope our feeble voice can
 rise the weak and suffering, as the
 old school needs something like a
 few good plays to form a social even-
 ing.

If something is not done by the
 pupils and teachers, the purpose of the
 course is lost. Cheer up! Everyone
 can be Laura and Harold, Joe B.
 Brown, etc.

Going on the assumption, we have
 stimulated a few grains of interest.
 Let's look at the magazine side of the
 news. Yes, it was news when the
 editor and sub-editor were finally ac-
 cepted on Tuesday. We in them
 magazine Friday. This week Grade
 X were given the honor (if you can
 call it that), to present the 11-week-
 ly news, with editor Bradford and
 sub-editor Currie. Yes, there was
 an argument of making the cover.

The current topic among the kids
 now is hockey. No wonder, this
 "Paw's" Junior Hockey team are almost
 all students. The boys seemed to be
 giving trouble with planning their
 television bridge and what. However,
 they wish to thank all who already
 have offered to take tables of what
 is bridge. Also they wish to ask the
 people of this town to support them.
 These boys are not wasteful, but a
 hard working, well organized group
 who played together for some years,
 and have not sponsored many enter-
 tainments. However, this winter
 they wish to obtain uniforms. No
 fooling, the boys are working hard
 using all spare time at school to plan
 houses, tables and players. So we
 advise - help the Junior Hockey team
 which also is the B.H.S. Team.

Well, we have taken enough space,
 much of your valuable time (at least
 it supposed to be) with our chat-
 box cross talk. So till next week,
 good-bye, and good-gossiping.

Gossip
 We of B.H.S. wonder if Hubert
 Buffington Berry has landed that
 "what's" yet. Oh well, it was a
 joke of a story, but.
 Clapping is changing in style, too.
 Now you clap with your two second
 fingers - together. Did we look fool-
 ish?

Bob Bacon and Armand are con-
 vinced that Major Bowen's is their next
 step.

Mr. Meeres excelling himself in
 big words. Dictionaries were popu-
 lar on Friday last. By the way, Mr.
 Meeres, have's mountain sliding!

Jim H's, idea of time is sadly
 mangled. Since when has a month
 been six hours long.

"Vile, Vile!" has a certain at-
 traction to Bob Currie. Was it the
 orchestra, or the girl, Perc, or just
 the sight?

Norm has been told that he had
 a good time on Friday. We wonder?
 Poor Babe. Love makes a prison-
 er of one, doesn't it. She'd be flat-
 tered if she knew that you only danced
 six times.

Nowadays, a person needs to go to
 a dance in regular football regalia,
 especially if the girl is running loose.

tree for planting in the spring of
 1938.

Go to friends for advice; to women
 for play; for strangers for charity;
 to relatives for nothing - Spanish Pro-
 verbs.
